USE

LED

3 Mac Adam | >90 CRI | -20° +35° | 80.000 h L80 B20

FEATURES

CE | IP20 | IK 00 | 220-240 V | 50/60 Hz | RG 0

DESCRIPTION

Linear ceiling lamp for interior installations with diffused light. Ideal in environments where sinuous, ethereal, floating and elegant shapes are required. Structure in bent metal, laser-cut and painted. Cover in chromed or golden metal with galvanic finish. Translucent terylene decorative elements in mother-of-pearl white, chrome, gold or copper. The elements are adorned with precious crystal gems. The choice of colors, finishes and lengths of the elements is customizable. Equipped with Led circuits with high color rendering index (CRI90) and high-energy efficiency. Laser-cut metal dissipating plate. Built-in electronic ballast. All electronic ballasts are equipped with thermal and short-circuit protection, against overloading and overvoltage.
